## What to Write About

The Charlotte Jewish News “Celebrating Jewish Youth” May issue seeks to give Jewish youth an opportunity to consider and have their voices heard in matters of importance to the Jewish community today. With a historic rise in antisemitism, the conversations about how to combat antisemitism and hate are as relevant as ever. We wondered what our youth are experiencing and thinking.

Today’s students are faced with intolerance, discrimination, and hatred every day, whether first-hand or as a witness to events locally and beyond. The 2023 “Celebrating Jewish Youth” essay contest gives students an opportunity to consider how antisemitism has touched their own lives, how they have responded, and how they might respond moving forward.

### Essay prompt:

Surveys have shown a disturbing rise of antisemitism nationally and locally. Ye, formerly known as Kanye West, brought the subject front and center of the public conversation with his escalating antisemitic comments and behavior in late 2022.

Consider the following and write an essay addressing your own experience related to antisemitism.

***Have you changed your own behavior out of fear of antisemitism? If you have witnessed or experienced antisemitism, how did it make you feel and how did you respond? Have you been made to feel uncomfortable for being Jewish? Looking back over those experiences, would you do anything differently?***

A broad interpretation of the prompt is welcome based on the student’s own experiences! Even though the prompt is written in the form of questions, we encourage students not to use a question-and-answer approach to this essay or feel the need to address each of the questions. They are meant to prompt the student to write a thoughtful essay that is relevant to themselves.

Thank you for your participation!
